### CHECK APPAREL SIZES

Check the **SIZE CHART** before ordering to determine correct size.

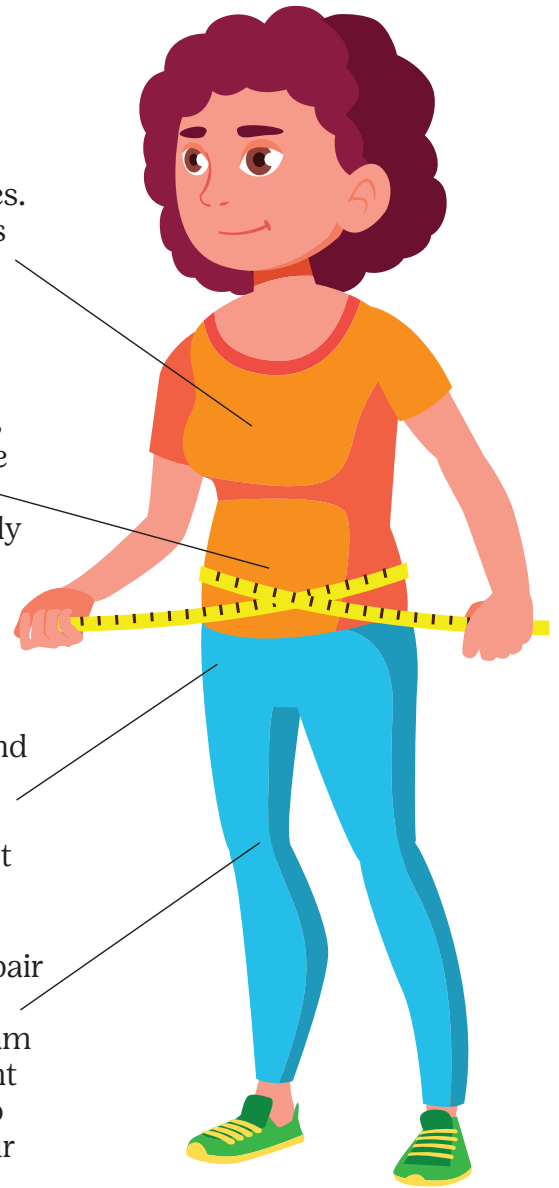

Variations in sizing may occur.  
Some items may not conform to this chart.

**Chest:** Bring tape around body under each arm and over your shoulder blades. Number of inches is your measurement.

**Waist:** Keeping one finger between the tape and your body, measure around the point where your pants waist normally rides. For wearing comfort, measure over shirt (not over pants).

**Hips:** Measure around the fullest part of seat while standing. Hold tape firmly, but not tight.

**Inseam:** Measure a pair of pants that fit you well from crotch seam to the bottom of pant leg. Measurement to the nearest 1/2" is your inseam length.
